intellectual adventure!

By A Customer

As a grad student with a BA in Anthro and an MS in Physics, I'm a connoisseur of fine science writing. This book is superb! The reader can appreciate the development of New World archaeology as an intellectual quest and adventure, expanding our perceptions of the past and who we are.

GOOD FOR STUDENTS AND AMERICAN ARCHAEOLOGISTS

By B. Lasagna

This book tends to focus on American Archaeology, especially the American Southwest. It is well written and informative but in many places is very dry. Overall, this is a good text for a classroom.
