BEYOND THE MISTLETOE: A CHRISTMAS ROMANCE (BEYOND LOVE BOOK 7) BY KARICE BOLTON PDF

Can be read as a stand-alone novel

Six years ago, Emily Darman had the worst Christmas Eve possible. Her husband left her with a smile on his face, and it made her doubt just about everything about the season and the opposite sex. When her friends get wind of Emily's recent online dating fiascos, they're determined to find her a match made for the holidays. After all, it has been six years...

Using Gabby's wedding as the perfect guise, Emily's friends promise her a weekend of unwanted fun with two potential blind dates. It isn't until a snowstorm derails their perfectly planned scheme that fate steps in and hands Emily an opportunity she just can't resist.

And his name is Derek Binter.

Emily refuses to let herself believe in a happily ever after, especially near the holidays, but sometimes the magic of the season has another plan.

A great story to read during the holidays!!

By Mandy @ I Read Indie

Emily has been burned in the past. So she is a bit hesitant to attend a weekend away with friends when she learns she is being set up with a date. But after a rocky start, the weekend definitely turns around and Emily finds herself sorting through feelings she hasn't had to deal with in a long time. Good feelings. Feelings that have her questioning if maybe she is ready to give love a second chance.

I adored this story and everything within it. For me it is hard to read some stories that surround Christmas. They can either be great or cheesy. But Bolton did justice to the Christmas spirit. She had me coming back to the story every chance I got and wanting to know what happens. She had me thinking about the characters and if they would find a way. Bolton had me smiling throughout the book. Even during the times that seemed hopeless, I knew there had to be a way for it all to work out.

The characters have amazing chemistry together. They had this way about each other that made you feel comfortable with them. Like an old friend. Oh, and their banter had me snickering a few times. You can tell both clicked as a couple, but they just had a few hurdles in their way: their pasts and their futures. They just need to see if it all is worth working for. All worth having.

With Christmas just around the corner, it is definitely one you will want to read. Especially if you love a beautiful romance coupled with a fabulous storyline. Of course, this is Bolton that wrote the story, so would you expect anything less? Absolutely not. 5 Merry Stars!

I loved this book

By Terri

I loved this book! Karice has a way of describing scenes that make me feel as if I'm right there with the characters. I loved the romance and the humor, that chiwoodle Brodie had me laughing out loud many times. Makes me want snow, lots of Christmas lights and some hot cocoa right now. I wouldn't mind Derek under my tree either!! Thank you Karice for another wonderful magical story!!

A true Christmas Love story!!!!

By Melissa Reece

If I could give this book 10 stars I would! This book is full of so much Christmas spirit and love. It's a **MUST READ**. Karice has out done herself with this book. Even though this book can be read as a stand alone boom it would be a shame if you missed out on the entire series!!!!
