The transition from Campus to Corporate is often fraught with difficulties. Difficulty - not only in getting a job - but also in adapting to the big differences between academic and work life. This book is supposed to become a trusted companion of a young student as he stand on his eventful transition from college to work. It differentiates itself from other books in this genre at least in two prominent ways. Firstly, it will help the reader not only prepare for the recruitment process but also cope with the challenges in the first few years at work. Secondly, unlike most other books in this genre, this book doesn't solely depend on personal experiences of the author, but also draws learning from the recent researches in the areas of neuroscience, psychology and management science. Another interesting aspect of the book is numerous easy but powerful tools and formats for ready application in the field. The book is a must read for students as also for the fresh employees in their first year at work.
