Our lives are like objects hurtling through time, constantly colliding with changing circumstances or situations that send us careening down new trajectories; new paths. "Change," however, doesn't have to be a bad word. When we learn how to respond to it, change can make the rest of our lives even better. Experienced church founder and pastor Bishop Dale Bronner explains in practical terms how to take responsibility for our trajectory instead of panicking over change or stagnating from lack of change. With helpful principles, motivation, and personal stories, this book is a guide for any Christian who wants to work hard and become a master of change. Although some adversity may be inevitable along the way, our only true failure is a failure to launch in a new trajectory when times, situations, and circumstances change around us. Bronner encourages us to prophesy our future and to realize that the power in God's Word can take us to a new and better place.

THIS BOOK HAS TANDEM IMPLICATIONS; THE ALIGNMENT OF THE BIBLE AND THE BUSINESS OF LIFE:

By Ivory Dorsey

THIS BOOK HAS TANDEM IMPLICATIONS; THE ALIGNMENT OF THE BIBLE AND THE BUSINESS OF LIFE: It is a bountiful balance between Biblical truth and life's realities. It proves that real truth is transferable. For example discerning between Change and the Transition of Change; most of us just feel the pain of change, Dr. Bronner breaks it down this way: "Transition is the EMOTIONAL, relational, financial and psychological processing of change..Change, on the other hand is typically external...All change requires transition; it is the internal adjustment of transition that our flesh recoils from...----(2)The second golden nugget is aligning our identity with other people's pain. He broke that down this way: IDENTITY, PERSPECTIVE, ELIJAH, & THE WIDOW'S WORDS: "This was before the big showdown with the prophets of Baal on Mount Carmel....." She was confessing Elijah's identity as a prophet. That was a new perspective of himself that he probably needed to hear from the mouth of another, not himself...And then there is this: "THINK ABOUT WHO YOU REALLY ARE: You actually have more talent and more abilities than you could use in a hundred lifetimes...It's amazing, the abilities and capacities God has placed inside of us...I hope you are blown away as you begin to think about who you really are...You have so much incredible potential inside of you! So ask yourself; what can I do from this day forward? What in the world can I do? The answer is only limited by your vision, your imagination and the possible combinations of thoughts and ideas in your brain..." ~Dale C. Bronner, Author, THIS IS AN EXCEPTIONAL BOOK and a real blend between what we are experiencing daily aligned with the certified truths of the bible.

Awesome read for anyone seeking a change or how to handle change

By Do42

I am one of the top 2,000 reviewers on Amazon. I get offers for multiple free products daily in exchange for an honest review. Even though I read quite a few books, rarely do I review books. I purchased this book after seeing a television interview with the author and was so impressed that I had to write a review.

Most of us either need to make a change or change will be forced upon us. But how? What is the BEST way and thought pattern to either make change or handle change? Change Your Trajectory explains many of the changes and reasons for the changes that we so often face in life. But more importantly, Change Your Trajectory gives you the PRACTICAL HOW of what to do about it. The language and reasoning is clear and easy to understand and it is often the easy to understand stuff that is so powerful. It is not a question of IF you will need to make changes sooner or later, it is a question of when. Change Your Trajectory could be the difference when you face change of whether change boosts you or blasts you.

This book is epic..
