Have Fun!

By K. Harlacher

Great Book! It was fun! I made some bowls for landscaping. Easy directions and it worked!

For less than buying one at the garden center I have wonderful memorable moments of making it every time I see it in the yard -43 of 45 people found the following review helpful.

Very good idea and basic mixes for concrete crafts

By Amazon Customer

I received my book and began reading it at once. New to even the idea of mixing cement and working with it, I became comfortable with the thought of doing something in cement and applied the plans to make a tile. A little forethought and planning, well worth doing that, and I have my first tile. Coloring isn't as involved as I first thought of. Here I can say a local mason gave me a tip on how to save on colors... use grout powder! With that I shall continue to make tiles to make a walkway for my garden this summer.

My comfort is increasing with each job. Buy it and enjoy it!15 of 16 people found the following review helpful.

concrete crafts
