Hebert* to receive some days later on after acquiring. It's no should go outside under the heats up at middle day to go to guide shop.

Review

"Practitioners aren't philosophers-they need to know the why and how of application. There are deliberate, usable, and considered methods throughout this book."

--Ken Kirkwood, Western University

"The reading style is very engaging and concise - far more palatable than some theoretically dense texts. The liberal use of case studies underscores the relevance to daily practice - something that medical students find very appealing."

--Stacy Ackroyd-Stolarz, Dalhousie University

About the Author

Philip C. Hebert, Professor Emeritus, Department of Family and Community Medicine, University of Toronto

Philip C. Hebert is emeritus professor of family medicine in the Department of Family and Community Medicine at the University of Toronto, and chair of the research ethics board at Sunnybrook Health Sciences Centre. For twenty years he was a family physician at Sunnybrook & Women's College Health Sciences Centre, retiring from active clinical practice in 2010. He remains on staff there as a consultant. He has an interest in many areas of ethics including disclosure, end-of-life care, consent, medical error, and medical education and teaches widely across Canada. In 2008, he received the second annual William Marsden Award from the CMA for his contribution to ethics teaching in Canada, and in 2011 he was named Academic Family Physician of the Year and received the University of Toronto's Department of Family and Community Medicine Award of Excellence.

Awesome book!

By GP

The book is very helpful in dealing with ethical dilemmas that any healthcare worker would face. Great book to have.
