Herbario de las Hadas

By Gilda M. Cabrera Gonzal

Este libro es maravilloso. Lo vi por vez primera en una librería en Barcelona pero no lo compré en aquel momento, me arrepentí muchísimo. La carátula del libro se me quedó en la mente, los inmensos ojos de la hada no serian fáciles de olvidar. Busqué el libro en librerías locales y nadie lo tenía, me alegra mucho haberlo encontrado aquí en amazon. La historia es muy interesante, el libro es el diario de un explorador, me recuerda mucho uno de los libros de hadas de Brian Froud. Las ilustraciones son espectaculares con un cierto aire de misterio. Otra cosa que me gusta del libro es su tamaño, el hecho de que sea grande hace que cada página sea más impactante. A mis niños les encanta este libro, a mi niña mas pequeña le gusta el libro porque encuentra las imágenes muy llamativas y extrañas. A mi niño le gusta porque imagina que él es el explorador. Si te gustan los cuentos de hadas, este libro es un tesoro, te lo recomiendo.

This is a marvelous book. I saw it for the first time at a bookstore in Barcelona but did not purchase it at the time-which I regretted very much once I got back home. I could not get the book's cover out of my mind; the enormous eyes of the faerie were not easily forgotten. I looked for the book at my local bookstore but they did not have it so I was surprised and happy that I found it here on amazon. The story is very interesting, the book is the diary of an adventurer, it reminds me of one of Brian Froud's Faerie books. The illustrations are spectacular and incredibly mysterious. Another thing I liked about this book is its large size; it makes the illustrations more endearing. My children also enjoy this book very much, my daughter loves studying the illustrations, maybe because some seem so strange to her and my son likes to imagine he is the adventurer. If you like faerie books, this one is a gem, I recommend it.
