Super Resource

By ZF

I had to read this thing from cover to cover for a reading course I did. It wasn't easy and I didn't always enjoy it but it's one of those things that pay off in the end. You will become familiar with names and terms that are important in theology and philosophy especially.

I have returned to it over and over to refresh my memory, to research topics that I'm studying, and it is usable as a reliable, quotable source.

Negatives... around 10 years old, hopefully a 3rd Edition comes sometime. Always good to keep up with the times and new findings.

A Must for every Theologian...

By Zach

What a great source of information for any theologians library and it was \$20 cheaper to buy this hard cover edition than it was to buy the Logo electronic version. I truly enjoy using this book in my graduate studies of Theology.
