GABRIEL'S REDEMPTION (GABRIEL'S INFERNO TRILOGY)

BY SYLVAIN REYNARD PDF

From the author of the New York Times bestsellers *Gabriel's Rapture* and *Gabriel's Inferno* comes the epic conclusion to the captivating romantic trilogy.

Professor Gabriel Emerson has left his position at the University of Toronto to embark on a new life with his beloved Julianne. Together, he's confident that they can face any challenge. And he's eager to become a father.

But Julianne's graduate program threatens Gabriel's plans, as the pressures of being a student become all consuming. When she is given the honor of presenting an academic lecture at Oxford, Gabriel is forced to confront Julianne about the subject of her presentation—research that conflicts with his own. And in Oxford, several individuals from their past appear, including an old nemesis intent on humiliating Julia and exposing one of Gabriel's darkest secrets.

In an effort to confront his remaining demons, Gabriel begins a quest to discover more about his biological parents, beginning a chain of events that has startling repercussions for himself, Julianne, and his hope of having a family.

A book to treasure forever

By Elletee

Without a doubt this is my favorite book of 2013 and will be one of my favorite books of all time. SR's writing style touches my heart and his words always make me feel like I am being enveloped in the warmest loving hug.

The final chapter in the Gabriel series is a beautifully crafted story of our beloved couple adjusting to life as a married couple. Life is not always perfect, and I admire SR for telling it as it is and not sugarcoating a popular romance. Life throws curve balls, and sadly not everything works out for everyone. The theme that overrides in this story is that family, love and hope will help you get through anything.

I experienced so many emotions when reading. I cheered for Professor Picton (my hero), I wanted to throttle Gabriel quite a few times and once or twice, Julia; I screamed at SR at one stage (you'll all know what I'm on about when you get to it); I burst out laughing often. The Snarky Narrator is in his best form yet (but please don't tell him that as it will go to his head and he'll become even more impossible). And our dear Professor seems to have adopted some of SR's nerdish tendencies. There's even a Hitchcockesque reference to SR in passing.

Many story lines that fans often asked about about were resolved in this book. Whilst there was a healthy serving of karma dished out to some, the future of others was left open and I hope that in time there will be a future novella or outtakes that will continue their story.

Congratulations and thank you SR. This final book in the series will make your fans proud and happy in particular this one.

LT runs the @SRFansOz twitter account and is proud to be a Muse.

What a GREAT FINAL BOOK!!! SR Really Gave Readers Closure

By Amazon Reviewer

Rating: 4 – 4.5 stars

This book takes place a few months after Gabriel's and Julianne's wedding. Although they are in newlywed bliss, some outside lingering issues still threaten them and their relationship. Julianne is dealing with the pressures of being a graduate student pursuing her PhD at Harvard. She is still plagued by rumors about her affair with her professor and is more determined than ever to prove herself to her peers in the academic community.

I will be honest – I had a hard time with Julia in the first two books. In those, I felt she was too timid and doe-eyed. Even by the end of Gabriel's Rapture, I never felt like she changed or grew. She gained more confidence in herself because of Gabriel, but she was still so unsure of herself. However, in this book, I finally saw her for the woman she had become. She confronted Gabriel when she disagreed with him and she stood up for herself numerous times. Although she is still a bit insecure and docile, I felt like she finally grew a backbone. This is the first time in the series that I actually really grew to like her as a character.

Meanwhile, Gabriel is battling his warring demons from his past. He is faced to confront the person he used to be and the things he did in his past that he still has yet to forgive himself for. Professor Gabriel Emerson. Oh how I love a man who is an intellectual, demanding, controlling, wears argyle and Clark Kent glasses. What I like about Gabriel is that he isn't perfect, yet he has changed. When I met him in Gabriel's Inferno,

he was arrogant, harsh and intimidating. Nothing really drew me to him at first. However, as he started exploring his attraction to his student, Julianne, who he has a shared past with, Gabriel started becoming the man Julianne saw.

Even after learning his past in the first two books and seeing how far he has come because of Julianne, he still has demons. It's because of this that I am able to really love the Professor. I like that the author didn't make him perfect and didn't immediately erase all his flaws. I like that Gabriel is a work in progress. It made him much more endearing and made his love for his wife that much more powerful. Despite everything, it is very clear that Gabriel, absolutely and undisputedly loves and adores his wife, his Beatrice, to his Dante.

Sylvain did a fabulous job of wrapping up each and every storyline in this book. In addition to telling Gabriel and Julianne's story, I was delighted to hear about what happened to all the secondary characters from the previous two books. You will get to see whether Paul is able to move on from Julia's unreturned affection, whether the evil Christa Peterson really got what was coming to her, what happened to Simon and Natalie and even some closure on Paulina. I loved this! I loved that Sylvain really put this story and characters to rest.

As a quick side note, I do want to mention that this book had a bit of snarkiness to it, which was a pleasant surprise. Since it is told in third person perspective, the narrator makes some snarky, yet humorous observations parenthetically. These brief little comments added a touch of humor to sometimes an all too serious plot line and I enjoyed every moment of them.

If you enjoyed the first two books, you will most definitely will want to read this book. The Professor and his Beatrice is most definitely worth revisiting.

It was okay...

By Laura Benson

I was able to read an early copy of this and although I devoured it, I found myself wanting. Reynard definitely wrote this with the fans in mind, but there was an element missing that we read in the two prior books. Sometimes, we have to allow our imaginations to take control of the story from when it originally ends.

There were some dangling threads and I'm very sure I know exactly who is in the new book. It's pretty easy to pick out.

A fun book, but definitely not of the caliber of the first two.
