Life is supposedly what you make of it, but that's crap as far as 3D artist, Becks Delgado is concerned. She never wanted her brother to die in a car accident... or to be the one who was behind the wheel. Her external scars are nothing compared to the raw wounds inside, and there are times when death seems to be the only way to find peace.

Sebastian Payne took the concept of a tattoo parlor and transformed it into a sophisticated gallery of living art. House Of Payne now caters to the rich and infamous, has garnered a worldwide following and is run by Payne with an iron fist. He knows Becks is exactly what House Of Payne needs, but there's a problem. The accident that changed her life left its mark on him as well, and whether he likes it or not, it's time for Payne to put his House in order.

\*\*This is the first book of the House Of Payne trilogy, but each book can be read as a standalone. Not intended for readers under the age of 18 due to adult language and sexual content\*\*

Inner scars can be more brutal than those we wear on our skin...

By SEB

I first read this book in INKED an anthology and it is now released as part of a trilogy. While I don't know what's in store for the next two books, I can say that Becks and Sebastian made quite the awesome pair...Becks an amazing and tortured artist and Sebastian the owner of one of the hottest and most prestigious tattoo parlors ever made.

This isn't just a cool story about an incredible and beautiful artist who catches the eye (and heart) of one of the most sought after men when he wants to buy her 3D designs to be used in his business...it is a deep and emotional story of family tragedy, forgiveness and moving on with your life.

Becks lost something very important to her 4 years ago and has never been able to forget or forgive herself. Guilt is a terrible motivator and her estranged family has been using it to keep her from really living up to her potential. The far reaching consequences of what happened to Becks and the long lasting effects of her past become fuel for Sebastian, as his feelings for Becks trigger him to do some pretty incredible and drastic things...and he also has a secret he is withholding from Becks that could affect their future.

I loved this story..it was part fairytale romance with a darker story of family drama in the mix and a beautiful realization that "family" and love is not always from blood and it doesn't have to be to be real.

Looking forward to more stories from the House of Payne series.

LOVED THIS BOOK.....need more

By T London

Immediately the phrase "Oh how I love thee, let me count the ways" comes to mind with this book. Sebastian Payne had me melting at that first smirk he made and never let go of my heart. He was the classic, perfect fictional boyfriend who had a wonderful balance of gentle and alpha traits. Becks was the female character I would stand up and cheer for because of her courage and strength and ability to be real. This book quickly became a top ten for me for the year 2014.

Becks is an artist who does brilliant work for 3D imaging. While her career is taking off, her personal life is shrouded in pain and regret. She had been involved in a car accident that killed her brother and she was severely injured. Without going into more details and spoiling this for you, just grab the tissues and be prepared to feel intense anger as you read what her parents did to her after the accident and the guilt and regret she has lived with since then. She started over with nothing and finally found the help from her best friend and an old landlord that saw past her pain and realized the potential she had. Now she is being propositioned by Sebastian Payne to sell her art work to him so he can transform them into 3D tattoos.

Sebastian is the owner of the hottest tattoo business around. Celebrities and royals come from miles around to have him tattoo their body. He wants Becks art work because he believes it will make him more money, but he also wants Becks. He pulled a young woman out of a burning car years ago and after finding out her identity he has been keeping close track of her art career and now realizes he has feelings for her. Their first encounter is a fiery one since she is there to make a point and he set it up to force her hand. Once they got over the egos involved a relationship started to bloom.

Now is when I am getting excited because things started getting real at this point. Becks was a firm believer in expiration dates. Nothing or no one lasted forever, saying I love you only opened the door for rejection and no one could be counted on in life. She had sex when she wanted and was never looking towards forever, so imagine her surprise when the sexy Mr. Payne refused to have sex with her until he had all of her, truths, secrets, trust and passion. He knew she has been hurt, but he had no clue how deep that hurt went and what she had endured personally since that fateful night.

As he became exposed to the truths, he knew he had to set her free from the guilt and regret and come clean about his involvement that night. Oh sweet baby Jesus I hoped so hard for a positive outcome from that intense scene. I wanted Becks to find her voice and Sebastian to find his revenge. So without risking spoilers I will say READ THIS BOOK. There are so many scenes that had me melting and falling in love, while other times I was cheering them on and praying they would make it. The authors are fabulous with this story and I had it read in one sitting, simply because I couldn't put it down. The emotions are so raw and deep I was invested from the first chapter and had to just sit after I finished it. Talk about book hangover. I am so ready for the next two books in this trilogy. I want to learn about Scout, who I might add impressed the crap out of me in this book. If you love tattoos, art, sexy men, strong women, a love story of the year with plenty of drama and secrets look no farther than the House of Payne.

A Reading the Paranormal Recommended Read

By Kelly Rubidoux

Sometimes when I'm reading a Stacy Gail book, I have to put the book down and give my heart a breather. BECAUSE IT HURTS, GUYS. It hurts what she puts her poor characters through. It hurts to read about their loneliness and heartache. IT HURTS SO GOOD! \*cries like a bitty baby\*

This book didn't pull any punches. Becks is floundering in an emotional wasteland. She's alone except for a small (SMALL) handful of friends and she doesn't feel like she deserves happiness. Her family's actions were painful and heart wrenching to read about. Her self doubt over being worthy of a man like Payne killed me. Her refusal to see a future for them huuuuurt.

She'd been so shattered by her brother's death and her family's betrayal she couldn't bear to even face the possibility of a relationship because it might be yanked away.

\*cries some more\*

And Payne. He's arrogant, cocky, and driven. He wants Becks on both a personal and professional level and he's ruthless about pursuing her. Not going to lie, I liked the guy. As his side of the story unfolds and we see why and how he's intertwined with her life, his intensity made sense. Also, he's kinda smokin'. And the sex? HAWT.

So, yeah. Stacy Gail can make even the hardest heart weep (given that she makes me cry with all her books, I'm no longer a hard-hearted reviewer but a mushy, damp fangirl) and I wouldn't have ti any other way.
