understandable explanation of why you care about options.

By Peter H. Stern

If i had to pick a book that explained the most about options to the layman in the clearest language in the fewest pages, this would be it.

a must read for anybody who wants to understand how to use options

Finally an option book to be proud of

By Review Monster

Mr. Walker is clear and concise in his depiction of how the options markets work. He details various strategies and makes options investing understandable to those new to it.

In my 11 years as a futures investor, broker, and author, I have never seen someone with as much grasp of options investing as Mr.Walker and have the capability to explain it.

Anyone Can Understand !

By MR S A Sheba

Yes, As a beginner I can confidently say I know what option is, it's uses and the risk involve. The Author did not only explain the principle but gave practicable example everyone can relate to. All in simple and plain English, you don't need to have been to a school of economy to know what an option is. With the help of this book, I can't look stupid when others uses terminologies relating to option. Keep up the good work Joseph.
