Grade 6 Up Sophie Hatter reads a great deal and soon realizes that as the eldest of three daughters she is doomed to an uninteresting future. She resigns herself to making a living as a hatter and helping her younger sisters prepare to make their fortunes. But adventure seeks her out in the shop where she sits alone, dreaming over her hats. The wicked Witch of the Waste, angered by "competition" in the area, turns her into a old woman, so she seeks refuge inside the strange moving castle of the wizard Howl. Howl, advertised by his apprentice as an eater of souls, lives a mad, frantic life trying to escape the curse the witch has placed on him, find the perfect girl of his dreams and end the contract he and his fire demon have entered. Sophie, against her best instincts and at first unaware of her own powers, falls in love. So goes this intricate, humorous and puzzling tale of fantasy and adventure which should both challenge and involve readers. Jones has created an engaging set of characters and found a new use for many of the appurtenances of fairy talesseven league boots and invisible cloaks, among others. At times, the action becomes so complex that readers may have to go back to see what actually happened, and at the end so many loose ends have to be tied up at once that it's dizzying. Yet Jones' inventiveness never fails, and her conclusion is infinitely satisfying. Sara Miller, White Plains Public Library, N.Y.

Completely different than the MOVIE!

By ~Butterfly214~

If you are familiar with the movie that came out, I must say, this is COMPLETELY different. Yes...its mostly the same in the beginning but other than that, much of the plot is different as well as the ending. I really loved this book and love Howl's character. Its a "feel good" book that gets you hooked right away.

Summary: A young girl gets vexed by an evil witch who lives as a 90 year old woman. She travels out to meet with her sister and stumbles upon Howl's castle and decides to take refuge from the bitter cold within. She then meets a fire demon who offers to break the spell on her, as long as she can break the spell that is on him.

There were a couple things in the movie that I didnt like and that didn't make sense to me until I read the book....If you don't like spoilers then dont read below because here is a minor spoiler that explains part of the movie:

In the movie, at times when Sophie would be sleeping or felt happiness, you would see her appearance transform into a young girl again. Then she'd suddenly change back to an old woman again. Why is that???? Well in the book, you find out that Sophie has always felt like a 90 year old woman because of her bland clothes and life. Sophie has magical capabilities that she doesn't realize until the very end. When you see her as a youthful girl, it is because she feels young at heart. She often tells herself that being an old woman suits her and this is what her appearance becomes as a result of her own will. There. Now the animation makes sense.

I liked the book more than the movie and will purchase other novels by Diane Wynne Jones.

Easy, fun read.

By Kelly

Like many other reviewers, I read this book after watching the film. I loved the film but felt some plot points were left unexplained so I picked up this book to get the full story.

I liked the characters, I felt both Sophie and Howl were very relatable. The writing is clever especially the contrast in how Sophie describes Howl when she's young and when she's old, and the introduction of Howl's

homeland. I felt sucked into Sophie's anguish over her curse and her relationship with Howl. Like many other readers have said, you fall in love with Howl despite all of his flaws, he bears them well. Overall, It was a fun easy read.

I deducted one star because despite the book filling in the plot holes left from the movie, it has holes of its own. The book leaves many unanswered questions and the desire for more details on certain points. The book also ends very abruptly. Nobody wants an ending to drag on but I was hoping for a little more in the development of Howl and Sophie's relationship. At the end it's almost as if they fall in love because that's what characters in books do. There were many points of missed potential.

It's my all time favorite

By Shelly

This is my favorite book in the whole world. I've actually bought two copies because the first one I read so many times the binding broke and the pages started falling out. It's a heartwarming story of a young girl who doesn't believe she will have good fortune in her life because she is the eldest of 3 daughters. A spell is cast on her which turns her old and she has to figure out how to lift it. A tale of believing in yourself and being capable of things you don't even realize. It's witty and you find yourself loving the characters. It's easy to read and I can read the whole thing in a day if I don't do anything else. I've read it about 20 times and it never gets old. I would recommend the book to anyone (I'm 24 and first read the book when I was about 15) it's a great story and very family friendly if you're buying it for child in school still. You can't go wrong reading it at least once
