Evangeline is a former supermodel more famous for the men she's dated and the scandals she's been involved in than for her acting talent. Now, the famous Brit has turned her hand to designing wedding gowns and lingerie for the rich and famous. It's an open secret that she only designs her outrageously priced gowns for attractive women, and she won't let just any client walk into her luxurious salon.

The Diva Designer also has a famous temper. She's been wildly successful in the design industry—until an unfortunate incident ends with a seamstress cursing both her and her latest wedding gown. Now rumours are circulating, clients are cancelling, employees are gossiping, and the tabloid press are picking up the juicy story of the cursed celebrity designer.

Four brides have attempted to get married in the cursed dress and none of them has made it down the aisle. To squelch the rumours, Evangeline announces publicly that she is wearing the gown herself—for her own wedding. It's a brilliant PR tactic. All she has to do now is find a witch, an exorcist, a shaman, a gypsy, or anyone who can remove the stubborn curse.

Then she'll need to find herself a groom... A temporary one will do. There's only one man she trusts completely for the job—Wade Davenport. Her former lover has no illusions about Evangeline. He won't get any foolish ideas about love or a real marriage... Will he?

The Almost Wives Club Series Book Five

If the Dress Fits by Nancy Warren

The Almost Wives Club Series Book Five

Evangeline was once more than a famous model and designer. That person has been buried deep inside the always perfectly dressed and made up woman the world sees as Evangeline. When she needs help to get out from the curse of a wedding gown that has been passed around but never worn, she makes a false claim. And now the one man who knows that hidden woman is the only person who can help her. Will he?

Wade Davenport receives an odd phone call. An old girlfriend needs his help. Even with all the years that have passed between them, she still has a way of making it hard to refuse her anything. Sadly, he sees that her Evangeline persona has pretty much buried the young woman he used to know.

In the world of the rich and famous some folks will do anything to keep their armor nice and shiny. No matter the cost. Will Evangeline find a way to remove the curse from her business, or will she find something better?

fun, entertaining read and a HEA for the dress!!

By Gatorfan

I loved this fifth and final book in the "dress" series. It was really a great story. The poor dress went through a lot before it got its own walk down the aisle. Evangeline had some good life lessons as she desperately tries to save her business that has been cursed! Evangeline is not a very likable person however, her other self, Gabby, is very likable. Confused? You have to read this book to find out all the goodies!!1

I loved Wade. What a hunk of a hero. What a sweet guy and how lucky is she?

The dress finds its bride and at last the magic happens. A good example of everything happening for a reason and sometimes negative things can turn into very positive endings. This was so very good. I believe it is my favorite in the series. I didn't think I was going to like Evangeline but by the end I did. I definitely recommend this book. It is a good stand alone story or as the final in the series. All were good reads, fun and entertaining.

Entire series was great!

By J. Small

Very rarely does an author keep readers entertained enough to read an entire series that could also be read as stand alone books. This is one such series. Taking a chance on the first book really paid off as the stories were all entertaining and I couldn't put the stories down.
