Common Core Crap!

By Celeste

As a teacher, I take great offense at having to use this anthology in my classroom. Luckily, our district chose to discard it after we piloted it. I'd rather use a holistic, authentic approach to teaching reading. Everything is scripted-even the guided reading books that accompany it. Don't settle for this unless you don't know anything about teaching.

Get the teachers guides

By Ms. DMD

This series maps easily to the the TEKS and CCSS. The designers use cognitivism to guide and assess the learning. It is well planned and adheres to the outlined standard objectives. If you wish to set new objectives you can always design your own unit. The teacher's guide includes whole group and small group instruction.
