Five Stars

By Anthony Fuller

Thanks

0 of 2 people found the following review helpful.

Operations and Maintenance is a good rating system but I prefer Building Design and Construction system

By james reddrick

This is a good reference guide and will help you achieve LEED certifications for your buildings or LEED accreditation as a professional. However I do prefer the LEED building design and construction rating system. LEED building design and construction rating system is much easier system and there is less emphasis on how the client is to use the facility.
