This will likely be your child's new favorite bedtime story

By Matthew Bradstreet, Ph.D.

Wow. A future classic. This is likely the funniest children's book available! Parents and children laugh aloud as they turn each page!

The Illustrations alone deserve their own exhibit. The attention to detail will reveal something you hadn't seen each time you read it. The story creatively illustrates the follies of animal behavior and evolutionary biology that befall a bear and his dinner. Hilarity ensues and you laugh as you and your children learn how this bear solves problems.

This will likely be your child's new favorite bedtime story. So much laughter they'll be ready to hibernate when it's over, seriously!

My wife and I like this book so much we've bought several additional copies as gifts for our friends to read with their children this Christmas.

Do not miss this wonderful literary adventure!

This Story is Witty, Heartwarming and Endearing

By Amazon Customer

I haven't enjoyed a children's book as much as Mother Bruce in a long time! I think I liked it so much because of his wit and humor with a bit of sarcasm thrown in the mix. It's a truly unique book with a wonderful story.

Bruce is a grumpy old bear who doesn't like anything or anyone. Along comes an unexpected life changing moment when his eggs he was preparing to eat, hatched! Bruce became an instant parent. Try as he may he can not get rid of these little goslings. They are instantly attached to him, mistaking him for their mother as it's the first face they see when they come into the world!

You can see Bruce's attachment to them grow, even if his demeanor doesn't reflect it. It's the subtlety in his actions and the wonderful illustrations that go along with it demonstrate this beautifully.

This book made me laugh because it reminded me a lot of being a mom! Little ones all lined up to eat, taking care of them, not always listening, chaos and most importantly, unconditional love.

This is a great example of family by choice and that sometimes the ones we love the most aren't necessarily family by blood. Bruce needed these little goslings to come into his life and give him a big chunk of good old fashioned love!

This story is witty, heartwarming and endearing and I love reading Mother Bruce to my kids!

Disclaimer: I received this book in exchange for my honest review. All opinions are my own.

Could Mother Bruce Be You?

By Jupiter Reader

The story has been done before - grumpy bear (person) falls in love with tiny creatures pressed upon him in error. But this is hilarious. Bruce has a computer and can buy plane tickets too. Adults may laugh harder than the children for whom the book is intended.
