Awesome But Not For the Faint Of Heart

By Linda Jo Park

I made all 4 of the characters in this book. It took me 2 years, working off and on. I LOVE the results. The designer has a unique way of putting the various parts together. They are crocheted on instead of sewn. How she does it is very hard to explain in words, so I would not recommend this pattern for a beginner. She did the best she could in explaining a complicated situation. Experienced crocheters will have difficulty. I had days where I had to set it aside for a day or two and think about it before the light bulb would go off. My advice is "Pay attention to the punctuation marks." It was a difficult project, but oh so worth it when done! I would make them again in a heartbeat!

Recall

By Tasha L. Gomez

This is a recalled pattern book due to the overwhelming amount of typos and missing information. Forums across the internet are full of people who can't finish patterns from this book, no corrections were made and the book was recalled.

Super cute

By L. Johnson

Patterns easy to read and end result is something that everyone will love! I also really like that this is a large, thin book so that the print is easy to read.
