An Excellent Motivational Work

By Patti Shene

PUSH: Persevere Until Success Happens through Prayer is one of the most motivating and encouraging book I have read on the successful accomplishment of negotiating the journey to success.

Dr Trimm uses the appropriate analogy of the stages of childbirth, the conception and growth of ideas, through the actual birthing process of bringing those ideas to tangible fruition. She illustrates her points with scriptural references and famous quotes throughout the work.

The author discusses the birth of each of us as individuals, physically, spiritually, and intellectually. She provides a helpful chart of “investments” that lead to a well-rounded, healthy human being. She illustrates the many influences that shape our thought processes, the action we take, and how they can either stifle or advance our movement toward success.

She concludes the book with an extensive inspiring and empowering list of positive statements that she refers to as “the creed.”

I especially enjoyed the continuous message conveyed throughout the book that God has certain aspirations for all of us, and through prayer and perseverance, we can achieve the goals we were born to reach. Even though I had heard a couple of them before, Dr Trimm's examples of famous people in history who pushed on against all odds were especially interesting and motivating.

I highly recommend this book to anyone who entertains dreams, anyone who longs for accomplishment, anyone who seeks to fulfill God's will in his or her life. This is definitely a keeper for me and a book that will take its rightful place on my “reference” shelf.

I received this book from the publisher, Destiny Image, through Fred St Laurent of The Book Club Network, in exchange for my honest review.

Power in prayer

By KhosiJ

A deep and personal look at how prayer impacts the different areas in our lives. A clear focus on perseverance and trusting in the hand of God in all things. The author quotes a lot of other sources it was like reading a combination of all my favourite illustrations and poems. Great reference to scripture with a few practical examples to use in our daily prayer life. This book is definitely not a once-off read, and can allow to be picked up again and again.

PUSH

By Ann C Cuddy

“Today's world knows little about perseverance. This is why so few people become innovators, entrepreneurs, and world-changers. This is the second book that I have read by Dr. Cindy Trimm, “Reclaim Your Soul” being the first. This book – “PUSH” – “Persevere Until Success Happens; Through Prayer” – however, landed in my mailbox at exactly the right time. Some may wonder about the references and quotes from “New Age” philosophers that

are throughout her books, I don't. They are just that... references and quotes. I don't think that we should shun sound advice because of the messenger. However, that being said... Dr. Trimm balances all of her writings with sound biblical references.

As with her other book, I found this book to be very positive and encouraging for anyone who wonders just if they can achieve anything with their lives. In my opinion, this is a book that will require more than a cursory reading. As I said, it appeared when I needed to hear it most and I am looking forward to a more in-depth study of this book. I look forward to future writings by Dr. Trimm.
