When taking a train, awaiting list, and hesitating for somebody or other, you can read this on the internet publication Rewriting The Ending By Hp Tune as a buddy once again.

REWRITING THE ENDING BY HP TUNE PDF

Juliet is an author with a deadline. A big deadline...and a ratty old backpack, and she's on her way to Belgium. Mia has a one-way, first class ticket to anywhere. Today anywhere happens to be Scotland. The one thing she knows is that money can't buy happiness, and she has no idea what does. A chance meeting in an airport lounge and a shared flight itinerary leaves Juliet and Mia connected. They've known each other for only twenty-four hours and they are destined for separate countries. How do you forge a future when the past keeps pulling you back?

The Airport Romance I've Always Wanted

By Shay

I received a free copy of this book in exchange for an honest review.

Rewriting the Ending is the love story of Juliet and Mia, soulmates who happen to cross paths in an airport lounge. Only, their luck ends there. Juliet and Mia both come from broken families and broken homes, and they bring with them more baggage than just their physical carry-ons. When they part ways to reach their differing destinations, they keep in touch with each other, but their pasts continue to haunt them, too. Only this time they have each other to help them deal with their ghosts. And that makes all the difference.

Juliet and Mia have instant chemistry. Not sexual. Not romantic. Just personal. They get along like they've known each other for years, and they both recognize that their bond is special as soon as they meet. Their romantic relationship develops gradually and genuinely as a product of that connection rather than lust at first sight. It's the inevitable, slowburn build up of fairy tales, and it's a glorious ride. Their personalities mesh, their banter is effortless, and it's oh so easy as a reader to root for them. Few couples I've encountered in books are as meant to be as Juliet and Mia.

The only thing that brought this book down for me was the amount of trauma in both Juliet and Mia's backstory. These two have been through a lot. Like a lot. From muggings, homophobic parents, ex spouses, and several dead family members, these two deserve a period in their lives where things aren't going wrong just for once. While the book does work its way to that (spoiler alert) happy ending, there's a very long list of obstacles between the protagonists and their goals. While navigating a few hurdles is okay, this felt more like training for a marathon. Admittedly, the amount of conflict in this book makes the payoff that much sweeter, though, and, again, this was the only weak point I personally found in the book.

This book is an easy 4 out of 5 stars for me. It's a sweet, simple read. Not too short, not too drawn out, and with characters that are lively, relatable, imperfectly human, and feel like real people in the way they interact with one another and handle the situations the world throws at them. If anything about "chance encounter in an airport turns long distance friendship turns long term relationship" sounds appealing to you, give this book a shot. It won't disappoint.

worth reading twice

By Patricia M. Camp

I'm savoring every page, hating for the book to end. Rest assured that within several weeks, I will read it again. Most books I finish go immediately into "dismiss" category, this one I will keep ready to read again. Here's hoping a another book real soon.

Rich Dialogue and Well Written

By Mikayla G.

This story of Juliet and Mia was one that was enjoyable to read, but left me wanting more in some places. Juliet is a friendly author attempting to find her muse in Belgium who plays everything remotely personal close to the vest and Mia is a seemingly out of touch high class socialite who seems to be looking for something more real.

hp tune does a great job of creating depth in these characters and I appreciated that a lot of that depth came from realistic and intriguing conversations between the two of them. The author does not pull back from difficult conversations and even more importantly I appreciated that the character's difficulties were not immediately fixed and resolved just because they met their match in the other.

One thing that I would have loved to see in this book is the actual development of these two women's relationship. Some of it was shown, but the time skips made it seem to go from their fateful (and well done) meeting in the airport to very serious very quickly. There are definitely plot points that affect this, but given how much I loved their back and forth I would have loved to see more of that develop.

Overall, this was a good read and one that I wouldn't hesitate to pick up again.
