A marriage begun in deception...

~ Julia Faircloth is used to managing the lives of her eccentric relatives, so when darkly dangerous Lord Sebastian Trevarre arrives in Bath and proposes to her shy sister Sarah, she switches places with the bride to save her from a shockingly carnal wedding night.

Against his better judgment, Sebastian consummates a marriage to the most provoking, appealing woman he's ever known, then is forced to live with her in his neglected but enchanting estate in Cornwall. Life there is turbulent, not least because Sebastian keeps many secrets. Will his reckless pursuits restore his fortune...or cost him the lady who holds his heart?

Step back in time to magical 1798 Cornwall, England, with Julia and Sebastian - and reunite with Andre and Devon Raveneau, as Andre discovers that his life and Sebastian's are inextricably linked.

"Rakes & Rebels" combines the intertwining Raveneau and Beauvisage family novels into one captivating 10-book series!

0 - HEART OF FRAGILE STARS: A Beauvisage Family novella (Jean-Philippe & Antonia)

1 - SILVER STORM (Andre & Devon)

2 - CAROLINE (Alec & Caro)

3 - TOUCH THE SUN (Lion & Meagan)

4 - SPRING FIRES (Nicholai & Lisette)

5 - SMUGGLER'S MOON (Sebastian & Julia)

6 - SURRENDER THE STARS (Ryan & Lindsay)

7 - HER DANGEROUS VISCOUNT (Grey & Natalya)

8 - HIS RECKLESS BARGAIN (Nathan & Adrienne)

9 - TEMPEST (Adam & Cathy)

##### Enthralling Story

By DragonRose UK

This book is a wonderful read. It took me just two nights to read, not because it was short (it's not), but because it was such a good book I didn't want to put it down. Sebastian is our hero, and Julia our heroine, and the book is set both in Bath and in Cornwall. The writer has researched so well and has such a beautiful descriptive way of writing that you can easily picture the scenes.

Julia and Sebastian both find themselves struggling because relatives have gambled away their families money. Julia's father lost the majority of his money and the family home to Sebastian which is how he comes into Julia's life. Her father dies, and Sebastian insists on claiming the house. He is not a cruel man and asks Julia's sister to marry him, which will give him a docile, gentle wife, and will allow her family to remain in the house. She is horrified about it because she believes she is in love with another man. Julia, as always, the family's protector, persuades Sarah to allow her to take her place, purely by deception and Sebastian finds himself married to the wrong bride.

They move to Cornwall to Sebastian's run down estate there, and this is where the excitement of the story comes in. I don't want to give anything away, suffice to say, there is passion, there are tears, there is laughter, you really run the tumult of emotions reading this book. I would give it more than 5 stars if I could. I enjoyed it so much that even though I was given an early copy of the book with the promise that I would give an honest review, that I am still going to purchase the book. The author should make a profit from this wonderful novel, she worked hard at it, and it was a real pleasure to read.

Never disappoints!

By gertyp

I was excited to be able to get an advance copy of Smuggler's Moon to read. I have been reading Cynthia Wright's books for over 30 years and am thrilled she is writing again.

Sebastian and Julia's story is romantic and sexy. Sebastian doesn't disappoint as a gorgeous rogue whom Julia will have no chance but to fall hopelessly and happily in love with. Steamy love scenes and gorgeous settings abound. (Now, I need to add Cornwall to my travel list!) Meeting Andre and Devon again was like seeing old friends.

Eagerly looking forward to book 2!

A New Cynthia Wright Hero to Love---Plus a Chance to Revisit One of The All-Time Best  
By Past Romance

Cynthia Wright is one of my most favorite historical romance writers, so when I saw she was writing a new series with a connection to the Ravenshoe I was excited and have been eagerly anticipating its debut ever since. The main thing that sets this author's novels apart is her careful attention to historical detail and the enormous amount of research she does to be able to write in such a manner. Besides being an avid romance reader, I am also a history buff. I enjoy reading her novels that much more because of the meticulously crafted and vividly detailed settings, characters, and dialogue that she creates. It adds a whole other layer of realism and depth to her tales. Every time I read one I learn something new that fascinates me and I want to research further. These are most definitely not your grandma's dime store novels.

But don't misunderstand me. *Smuggler's Moon* is not a dry history book like you had to read for your freshman world history class. It is a beautiful romance full of adventure, intrigue, humor, and a very healthy dose of steam.

The story opens in Bath as a retired bookseller's family is enjoying life on their newly inherited country estate. After years of pinching pennies and taking care of her eccentric family, Julia Faircloth is finally enjoying life. The only shadow over her days is her father's growing addiction to gambling. Stumbling upon his latest marker, Julia storms off to visit the odious man that would seem to be next in line to prey on her father's condition.

Instead of finding a slimy card sharp well past his prime, Julia stumbles in the front door of Sebastian Trevarre's home to be greeted by a dangerous yet devastatingly handsome young lord. She wants (and needs) to think of him as the revolting Lord Satan, the evil man who would take yet another slice of her father's quickly dwindling fortune, but to her dismay he brings about rather the opposite reaction from her traitorous body instead.

Lord Sebastian, recently an officer in the Royal Navy, returned home to find his brother had lost most of the family fortune at the gaming tables in Bath. In hopes of recovering some of the losses, he frequents the clubs to find those who took advantage of his brother. When the beautiful yet bossy Julia stormed into his house demanding release from the marker clutched in her delicate hand he refused because after all, no one had afforded his brother that courtesy. If he has any hope of recovering his property and retiring to the estate to breed horses, he needs every pound he can get--regardless of the cost to others.

As circumstances change, Julia's mother sees Lord Sebastian as the key to solving their financial problems and betroths the youngest Faircloth daughter to the rogue. More and more Julia is convinced that Sebastian is indeed very much Lord Satan, she is determined to save her naïve sister from a fate worse than death (having to consummate a marriage with that beast of a man). The only answer is to switch places and sacrifice herself to him instead.

As the story progresses and the deception is revealed, you can just imagine Sebastian's fury. They tricked him! But maybe marrying the fiery, meddling Julia instead of her quiet, obedient sister is what he really longed for in the first place. If he can just keep the keen young woman that was now living with him at his Cornwall estate from figuring out his secret plans to recover his fortune through reckless and illegal means, things just might be ok.

The secondary characters in this book are just as wonderful as the hero and heroine. You'll not come across many families more eccentric than Julia's and Sebastian has an estate full of useless servants that provide perpetual comic relief. I also fell in love with Sebastian's friend and neighbor, Tristan, a hero himself and

likely to be featured later in the series.

Of course, the best part for me was the appearance of Andre and Devon Raveneau (the couple from SILVER STORM) in this novel. Andre Raveneau is dangerously delicious and my all-time favorite romance heros. This extra glimpse into his life as he is comfortably settled with his true love Devon is just icing on the cake. And to make things more interesting, there's a deep connection between Sebastian and his childhood idol Raveneau. Add in a mysterious eye ring and a dash of intrigue and you have another great read that will keep readers up late at night turning pages.

1798 Cornwall is almost a character itself given the depth of the author's descriptions. A reader feels completely immersed in the days where smuggling was a necessary means of survival for entire towns and finishes the book feeling as if they've traveled there without ever leaving the couch. I can't recommend this new novel--as well as all of the others written by Cynthia Wright--enough. It is definitely a 5-star read that will stay on the keeper shelf!
