Was it love at first sight, Were you smitten after the first kiss, Or were you "just friends" initially? What better way to express your love than with this interactive journal that's created just for two. Truly Madly Deeply features writing prompts, checklists and diagrams - all aimed at bringing the two of you even closer! Record and uncover the depth of your admiration for each other and fall truly, madly and deeply in love all over again. Studio Oh guided journals provide the perfect space for meaningful introspection and inspired writings. And, unlike other guided journals on the market (the plain and repetitive kind) these are artistically designed in full color with unique and varied layouts throughout. Featuring well-thought-out prompts that foster reflection, these new guided journals truly bring the "extra" to the "ordinary".

I thought something like this would make a great present

By Amazon Customer

My boyfriend and I recently got engaged and are also about to mark two years of dating. I thought something like this would make a great present. There are many popular couple's journals I came across at my local bookstore (such as Why I Love You or Book of Us) but this one was by far what most met what I was looking for. It is inarguably the most attractively designed. The graphics, fonts, diagrams, quotes, and colors are all beautiful, whereas other journals are lacking in color or any special design elements. The prompts follow a logical sequence, starting with how your relationship started and ending with your hopes for the future. None of the questions are repetitive or feel not worth answering. The design is mainly unisex and could be given to anyone. Though the prompts are not gender specific, making this book usable for LGBT couples, there are a few pictures throughout of a man and a woman together.

This book is not for people in new relationships. It requires in depth knowledge of your partner and assumes a lot of shared experience. The "Treasure the Big Moments" section asks when you got engaged, when you got married, what your honeymoon was like, when you were first intimate together, and what your first home

was like. That being said, I chose this book largely because it was the most friendly to couples who have not yet lived together or gotten married. The Treasure the Big Moments section is only a couple pages out of the entire book, and all of the other questions were still applicable to our relationship. My plan is that we'll complete the rest together after we get married!
