Simple, concise helpfulness in essay writing

By Harry Chinchinian

In her book, "The College Guide to Essay Writing", Jill Rossiter begins by stating, "The ability to communicate effectively in writing is a vital skill."

How very true.

Her book is masterful in solving the mysteries of lucid writing in a simple organized manner. Everything she recommends is worthwhile considering before putting pen to paper.

"Know Your Audience" is an admonition that is important in writing as well as in speaking. She breaks down this topic, as she does the other topics, in an easy, understandable way.

I wish I had this concise book when I was attempting to write when in college. It would have made writing a far richer and certainly a more pleasant experience.

I strongly recommend this book.

Harry Chinchian M.S., M.D.

rip off

By D. Jeffers

I have never felt so taken advantage of as I do after receiving this "pamphlet". Upon opening to the table of contents the first 4 pages fell out of the cover. I have been given religious tracts on the street that were better produced than the book. It can not be read without it falling apart. As for the content I do not believe it has any real value. The section of "Documentation" I found to be of absolutely no use. I read the reviews and believed them, what a mistake. I believe this to be 75 pages of very elementary information. I really feel cheated and the sad fact is the book is so poorly produced that I can not return it, the condition after opening the cover makes it worthless. If you need any real help in college writing I suggest you keep looking.
