THE KILLING ZONE BY RICHARD DORNEY PDF

On a tour of duty in the Helmand River Valley, the Grenadier Guards faced the toughest challenge of their lives. Carrying out patrols in the most fiercely contested land in Afghanistan, the Guards were under fire almost constantly. The summer of 2007 saw some of the most frequent and intense combat yet, beyond what anyone could have predicted. Based in isolated forward operating bases their nearest reinforcements were often miles away, down a track strewn with deadly roadside bombs. The Killing Zone is an action-packed and authentic insight into the real Afghanistan. This is what it's like to deliberately draw fire on your own position so that your mates can escape an ambush, to experience the adrenaline rush of being the first in to clear a Taliban compound, and to rely on skill, loyalty, and quick-thinking to survive in one of the most dangerous places on earth.

The Killing Zone

By Carew

Honest, down to earth and without self-importance, Dorney has written a book which grabs your attention from the outset. He lets you make your own mind up about the politics and high level military decisions that steer the campaign, for this is not a book that carries any political or military statement. So what you get here is the straight forward story of a tour of duty, in which ordinary young men and women achieve extraordinary feats in the face of grave danger. Well researched and written in plain english, this is an easy read which allows you to enter the world of the Grenadier Guard infantry soldier (and his supporting elements) where you can vividly imagine each and every situation as it unfolds. It would be impossible not to be touched by the bravery and camaraderie that is shown not just by the Grenadiers but also by their Afghan counterparts.

Fantastic written account of what took place on the 2007 tour through the summer months. I dont think the civ pop even reading it could comprehend what everyone that was involved went through on a daily basis.....the constant heat, the struggle for resupply an the constant ied threat. Massive well done to every Grenadier involved, R.I.P to everyone who didnt make it Home.

The Killing Fields

By Richard

It is clear that Skid Dorney has spent a lifetime soldiering, and the picture he paints of the Grenadier Guards in Afganistan is vivid, tough and horrifying. But it shows Britain's young soldiers fighting a tough battle against the Taliban, governed by stupid regulations, never the less showing the spirit of a Regiment 350 years old. Makes you proud to be British.
