THE LORD OF THE RINGS: BOOK (1) ONE: THE FELLOWSHIP OF THE RING; BOOK (2) TWO: THE TWO TOWERS; BOOK (3) THREE: THE RETURN OF THE KING BY PDF

The Authorized (softcover) Edition of the Famous Fantasy Trilogy from Ballantine Books (59224-285 on the slipcase): All three volumes are Twenty-ninth Printing: August 1971, unread, hardly opened, with unbroken spines for #1 and #3, with a partial break in the spine of #2, with very slight corner and edge rubbing for #1 and #3 but #2 (Two Towers) looks new, except for partial spine break. All have 95 cents at the top with these ID numbers: #1 Fellowship 01533, #2 Two Towers 01534 & Return #01535. 345 at the bottom of each spine. ** All three books come in original cardboard slipcase which is rubbed at the corners with a partial closed tear at the top of one side. Note that each volume has a sticker printed on the front cover stating: Houghton Mifflin Company Dolphin Edition with Ballantine Books. Also, on the back of each volume is this statement by the author: A Statement From The Author About This American Edition / "This paperback edition, and no other, has been published with my consent and co-operation. Those who approve of courtesy (at least) to living authors will purchase it, and not other" J. R. R. Tolkien"

Stunning Collectors Edition

By Benjamin D

Having only an old 1994 worn paperback edition of the Lord of the Rings, I wanted to purchase a version that I could read and display for many years to come. I did a ton of research and decided upon this version (ISBN 116-1749849-2513827), illustrated by Alan Lee and published by Harper Collins in June 2014 (I am adding these details because the Amazon.com site does not make it clear what this version is). Please note that this particular printing is NOT available in the US but any Tolkien or LotR devotee should not be deterred (Frodo wouldn't have been!). I must say that this is the finest published one-volume version of the LotR that I have ever laid eyes upon, and is well worth every penny. It includes approximately 50 high-quality color illustrations by Alan Lee, which even for a 30-something like me makes the reading experience exceptional. The front and back covers are made of durable, high-quality cloth (as shown), with a strong and handsome turquoise binding. The pages -- not just the illustrations but the entire book -- are glossy and made of "whiter" paper than you generally find, the margins large, and the typeset easy on the eyes.

For those who care about such things, the printing is based on the 2004 corrected text, with even further corrections. There are updated introductions/forwards by Wayne G. Hammond & Christina Scull, authors of the authoritative "LOTR Readers Companion," as well as by Douglas A. Anderson, who provides a detailed

publication history of the Lord of the Rings. The full appendices are included.

Two-page red and black maps of Middle Earth and of Gondor/Rohan/Mordor adorn the front and back covers, with a map of the Shire before the first chapter. Also present are other essentials such as the Doors of Moria and the Tomb of Balin. The only drawback is that the facsimile pages of the Book of Mazarbul was not included, which I found to be surprising and a bit disappointing. Also, the ring inscription and the Gandalf "rune" are printed in black rather than silver and red. Probably the main issue is the clear plastic slipcover, which is barely bigger than the book itself, and it is difficult to slip the book back inside it after taking it out. You are more likely to scuff the corners of the book. That being said, these are far from dealbreakers, and the joy to be received from owning this edition far outweighs these issues.

Very nice set of books for the price. Recommended. Read review and view pics for detail on font for pocket-sized "paperback."

By B

Very nice books, binding seems nice. I love the covers although they are not "paperback" and are more of a fake leather material. These books are beautiful and very convenient. They are pocket-sized which is great for on the go, they aren't too small or too big (actually bigger than I anticipated which is a plus). The font size is readable, the only thing I would have to note is that the font size isn't the same throughout the different books. The font size seems to be based on the length of the books, the longer the books are, the smaller the font is (I suppose this was in order to keep them pocket-sized as well as consistent with the sizes of the other books throughout the set). If you have decent to good eyes, this set would be perfectly fine for you on the go but those people who don't have as good of eye sight, because I know some people who tend to get headaches while focusing on small font, this set may not be for you. I will upload some pics of the font comparisons, books, etc.

A great edition for the price

By Paco

Review for The Lord of the Rings.

I'll keep it brief, this is not a review of the actual story but of this specific edition. I have attached many pictures that I hope help you decide if this is an edition you want to buy.

Pros:

- The font is big and easy to read.
- 65 beautiful illustrations by Alan Lee that bring the story to life.

Cons:

- Slipcover is an opaque plastic, with a modern look that I think doesn't complement the book.
- One or two blank pages before and/or after each illustration.

Overall I think this is a great edition and it's worth buying.
