Why don't you utilize your gizmo or other device to save this downloaded soft file publication The Wreck Of The Golden Mary (annotated) By Charles Dickens Through this will certainly allow you to consistently be accompanied by this publication The Wreck Of The Golden Mary (annotated) By Charles Dickens Obviously, it will certainly be the very best buddy if you review this publication The Wreck Of The Golden Mary (annotated) By Charles Dickens up until completed.

THE WRECK OF THE GOLDEN MARY (ANNOTATED) BY CHARLES DICKENS PDF

I was apprenticed to the Sea when I was twelve years old, and I have encountered a great deal of rough weather, both literal and metaphorical. It has always been my opinion since I first possessed such a thing as an opinion, that the man who knows only one subject is next tiresome to the man who knows no subject.

Excellent, but not complete

By PatrickL

The 36 pages of the free Kindle edition contain Dickens' riveting account of the wreck and aftermath. However, not included here are the collaborative bits (stories related by the castaways to ease their ordeal.) These were part of the original book, and were contributed by Wilkie Collins and other contemporaries of Charles Dickens. I was disappointed that these "stories within the story" were omitted.

Had never read this Dickens story.

By Joanne

A short story that takes one immediately into the location and the lives of the characters. Loved it but SOOOO wanted to know what the future held for everyone.

About the End of the Story....

By JEP

SPOILER ALERT - The online version of this otherwise very good story that I and seemingly others have read ends with the lifeboats still lost at sea. There is a version of the story in Dickens' published "Christmas Stories" book that I am getting from the library to compare, but in doing some searching, it appears that there is nothing further about the end of the story available.

However, at the outset of the story, the narrator says that he is writing in 1856, and later says the voyage took place in 1851. From that, one would conclude that at least both the Captain and the First Mate, who finishes the story, survived in some fashion. But it does seem odd that there is no further explanation of what happened in the end - Dickens generally gave very detailed endings to most of his stories. I wondered if one of the other authors who apparently worked on the story supplied the ending (several of the stories that Dickens wrote with others have been published later omitting the portions not written by him, which can be frustrating), but I have so far not been able to find anything further. It appears what the other authors may have written instead are the stories the passengers told each other after the shipwreck, which are omitted in the online version that I read. In any event, as mentioned above, from the cited dates in the story, it appears that at least some survived the ordeal.
